The awarding of credit is forbidden if it causes the consumer to become overindebted (statutory information pursuant to Art 3 of the Swiss Federal Act against Unfair Competition [UWG]).

I request that the object named above be financed via a Lease Agreement and confirm that all of my details are correct. I furthermore acknowledge the following:
a) The Lease Agreement shall be reported to the Consumer Credit Information Office [IKO] pursuant to the statutory requirements. The applicant/lessee hereby authorises the lessor to report the Lease Agreement to the Central Office for Credit Information [ZEK]. In particular, the type, amount and terms of the credit will be reported, as will the applicant's/lessee's personal data and any applicable payment defaults or improper use. The Central Office for Credit Information is expressly permitted to make available this information to other members of the Central Office for Credit Information.
b) In connection with the lease application, the applicant/lessee has authorised the lessor to collect any information that is necessary from third parties, particularly from the Central Office for Credit Information [ZEK], authorities (e.g. debt enforcement and tax authorities, residents' registration office, guardianship authorities), credit agencies, intermediaries, employers and other suitable information centres, for a check of the provided information, a credit assessment as well as for the processing and handling of this Lease Agreement, which is hereby confirmed. The information to be collected may include in particular personal details on the applicant/lessee, his ability to pay and details on other liabilities of the applicant/lessee.
c) The applicant/lessee hereby agrees to the lessor passing on the information obtained by it to a third party, either in Switzerland or abroad, for the purpose of checking the conclusion, maintenance and processing of the Lease Agreement, provided that the third party is obliged to maintain secrecy. The applicant/lessee is aware that his details may be transferred abroad and via the internet. The applicant/lessee consents to such data being transmitted and processed both in Switzerland and abroad.
d) The lessor may outsource its services in part to third parties, particularly in the area of market research and the creation of customer profiles, the calculation of business-relevant leasing, credit and market risks and the administration of the leasing relationship (e.g. application and contract processing, correspondence, dunning notices and debt collection). The applicant/lessee consents to the lessor disclosing and transferring his data to third parties in Switzerland and abroad and having such data handled by them for this purpose; the lessor shall take suitable technical, organisational and contractual measures to ensure the integrity, confidentiality and availability of the data. The applicant/lessee consents to the data collected by the lessor in connection with the conclusion or processing of the Lease Agreement being processed and used for the Group's own marketing purposes and evaluations in Switzerland and abroad. The applicant/lessee further agrees that data arising as part of the business relationship may be used for the purpose of sending him information via post, e-mail or telephone (e.g. SMS). The applicant/lessee may prohibit the use of data for marketing purposes at any time by sending the lessor a written request to this effect.
e) Insofar as the lessor receives the lease application via a supplier or agent, the applicant/lessee authorises the lessor to inform the supplier or agent about the current contractual status, particularly with regards to payment defaults and the book value.
If I have provided information above regarding my spouse, registered partner or cohabiting partner ("partner") or third parties living in the same household ("dependants"), I confirm that I have informed my partner or dependants of this application, the bank may verify the above information by making direct enquiries with my partner or dependants, and my partner or dependants agree that the bank may obtain information about him/her as described above (including conducting ZEK informative enquiries).
