The applicant applies to finance the above mentioned object via a contract of leasing and confirms the truthfulness of all allegation. In the follow the lessee acknowledge:

- a) The applicant/lessee empowers the leasing company to check all allegation in the frame of the leasing contract. All for the solvency check necessary sources of information are agreed. This includes cooperation with third parties like ZEK, but also public authorities and agencies (for instance the execution office, tax office, residents' registration office), credit agencies, adjusters, business partners or other appropriate information bureaus or offices. This is verified herewith. The obtained information are in particular personal data but also ability to pay, further liabilities of the lessee. This is also valid for institutions and representatives of the lessee.
- b) The applicant/lessee empowers the leasing company to inform the central office for credit information (ZEK) and further offices or agencies about the contract. Provided information are the kind of credit, height and modalities, personal data of the applicant/lessee and any qualified payment delays and misuse. The ZEK is explicit allowed to make this information accessible to the other members of the ZEK.
- c) The applicant/lessee agrees, that the leasing company is allowed to provide the given information in order to verify the closure of account, retention and processing of the leasing contract to a third party, as far as this third person has been bound to secrecy. The applicant/lessee knows that his data could be transferred abroad and via internet. The applicant/lessee accepts such transfer's and processing in Suisse and abroad.
- d) The leasing company can outsource service partly to third parties. Particularly in the area market research and creating customer profiles, calculation of business relevant leasing-, credit and market risks as well as administration of the leasing contract (for instance the processing of enquiries and contracts, correspondences, dunning process and execution). The applicant/lessee agrees, that the leasing company can provide the necessary data to third parties in Suisse and abroad for before mentioned reasons. The leasing company makes the appropriate technical, organizational and contractual measures to protect the integrity, availability and confidentiality earmarked. The applicant/lessee agrees, that data, which are available regarding the processing and conclusion of the contract, can be used for marketing purpose and analysis in Suisse and abroad within the group of companies of the leasing company. The applicant/lessee agrees further that all data from this business relationship are used to provide information via post, email and phone (for instance text message). The applicant/lessee can decline the use of his data by the leasing company for marketing purpose at any time in written form.
- e) Insofar as the leasing enquiry assumed via an adjuster or supplier at the leasing company. The lessee empowers the leasing company to inform the adjuster or supplier about the status of the specific contract, in particular about payment delay and the book value.
- f) The signee confirms that he has the authorization to sign this contract.
